

For Chemical Emergency call Infotrac @ 1-800-535-5053

Material Safety Data Sheet

Section 1 - Product Information

Product Name:	Spectrasmoke™ Cookies
Chemical Name:	See Section 2

Section 2 - Ingredients

<u>Chemical Name</u>	<u>CAS#</u>
Trade Secret	12125-02-9
Trade Secret	3811-04-9
Trade Secret	57-50-1
Trade Secret	144-55-8

Section 3 - Physical/Chemical Characteristics

Boiling Point	N/A	Solubility in Water	Soluble
Vapor Pressure (mm Hg)	N/A	Specific Gravity (H2O = 1)	N/A
Vapor Density (Air = 1)	N/A	Melting Point	N/A
Appearance and Odor / Odor threshold	White or colored crystalline powder.		
	Slight ammonia smell.		
Evaporation Rate (Butyl Acetate = 1)	N/A	PH	N/A

Section 4 - Fire and Explosion Data

Lower Explosive/Flammability Limit	N/A	Flash Point	N/A
Upper Explosive/Flammability Limit	N/A	Autoignition Temperature	N/A
Extinguishing Media	Carbon Dioxide, extinguishing powder or water spray.		
Fire Fighting Measures	<i>Large Fires:</i> Water spray or alcohol resistant foam.		
Fire or Explosion Hazards			

Section 5 - Reactivity Data

Chemical Stability	Stable at normal temperature and pressure.
Conditions to Avoid	Mixtures are easily ignited by friction or heat
Incompatibility	Reducing agents, combustible or organic materials. Metal powders

Section 6 - Health Hazard Data

Routes of Entry	Inhalation, ingestion, and eye contact.
Health Hazards	Xn Harmful
	R 22 Harmful if swallowed.
	R 36 Irritating to eyes.
Carcinogenicity	None listed.
Signs and Symptoms of	<i>Inhalation:</i> Short Term Exposure: Irritation, chest pain, difficulty breathing. Long Term Exposure: Irritation, difficulty breathing, lung damage, blood disorders. <i>Skin Contact:</i> Short Term Exposure: Irritation Long Term Exposure: no info. On

Exposure	<p>significant adverse effects.</p> <p><i>Eye Contact:</i> Short Term Exposure: Irritation Long Term Exposure: no info. On significant adverse effects.</p> <p><i>Ingestion :</i> Short/Long Term Exposure: No information on significant adverse effects.</p>
Medical conditions generally aggravated by exposure	
	N/A
Emergency and First Aid Procedures	<i>Eye Contact:</i> In case of contact, wash eyes immediately with large amounts of water or normal saline, occasionally lifting upper and lower lids, until no chemical remains. Get medical attention immediately.
	<i>Skin Contact:</i> If irritation develops, remove contaminated clothing, jewelry, and shoes immediately. Wash with soap or mild detergent and large amounts of water until no evidence of chemical remains (at least 15-20 minutes). Get medical attention, if needed.
	<i>Inhalation:</i> In case of overexposure, immediately move from contaminated area. Use a bag valve mask or similar device to perform artificial respiration (rescue breathing) if needed. Get medical attention.
	<i>Ingestion:</i> If vomiting occurs, keep head lower than hips to help prevent aspiration. If a large amount is swallowed, get medical attention.

Section 7 - Precautions for Safe Handling and Use	
Spill or Release Data	Remove spills immediately by sweeping, and avoid contact with sparks or ignition sources.
Waste Disposal Method	Dispose in accordance with all applicable regulations.
Handling and Storage	Store and handle in accordance with all current regulations and standards. Keep separated from incompatible substances.
Other Precautions	See Control Measures.
Section 8 - Control Measures	
Respiratory Protection	Under conditions of frequent use or heavy exposure, respiratory protection may be needed. Respiratory protection is ranked in order from min. to max. Consider warning properties before use.
	Any dust, mist and fume respirator.
	Any air-purifying respirator with a high-efficiency particulate filter.
	Any powered, air-purifying respirator with a dust, mist, and fume filter.
	Any powered, air-purifying respirator with a high-efficiency particulate filter.
	For unknown concentrations or immediately dangerous to life or health - Any supplied-air respirator with full facepiece and operated in a pressure-demand or other positive-pressure mode in combination with a separate escape supply.
	Any self-contained breathing apparatus with a full facepiece.
Protective Gloves	Recommended when handling.
Eye Protection	Safety glasses with sideshields should be worn. Eye wash provided.
Other Protective Equip.	Shop coat is recommended when handling.
Ventilation	Provide adequate ventilation. Ventilation equipment should be explosion-resistant if explosive concentrations of material are

present. Ensure compliance with applicable exposure limits.

To the best of our knowledge, the information contained above is accurate. However, neither the above named supplier nor any of its subsidiaries assume any liability whatsoever for the accuracy or completeness of the information contained above.

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described above, we cannot guarantee that these are the only hazards that exist.

Prepared: April 2010
